

Growth & Expansion Capital Contribution

This document outlines a proposed capital contribution to Ascenda Enterprise Capital LLC (“AEC”) intended to fund the firm's next stage of infrastructure and technology growth. This is a non-repayable capital contribution structured as a founding-level relationship, not a loan, and not a security offering. It is a non-binding letter of intent and does not constitute an offer to sell securities.

PURPOSE OF THIS CONTRIBUTION

Ascenda Enterprise Capital LLC is seeking growth capital to expand its operating infrastructure as the firm scales beyond its current founder-funded stage. Unlike a loan, this contribution carries no repayment obligation and no interest. Unlike an equity investment, it does not confer ownership in the firm. In exchange, contributors receive the founding-relationship benefits described in this document.

INTENDED USE OF FUNDS

Capital raised through this contribution is intended to support the following areas of growth. These represent AEC's current growth priorities and areas of exploratory interest — they are forward-looking uses of funds, not existing operating divisions of the firm.

Trading Infrastructure & Computing Resources

Scaling the computing and data infrastructure behind AEC's proprietary Quantum Trading System — AEC's internal three-layer trading framework (momentum, statistical deviation, and order flow analysis) — including expanded processing capacity and live market data access.

Trading Capital

Additional working capital allocated directly to AEC's active trading operations across index futures, commodities, and equities.

Exploratory Private Equity & Healthcare Sector Research

Early-stage research and relationship-building toward a potential future private equity vertical in healthcare and life sciences. This is an area of exploratory interest for AEC's long-term diversification, not a current operating business line.

Legal, Compliance & Operational Infrastructure

Continued build-out of AEC's institutional documentation, compliance framework, and operational capacity to support a larger asset base and a growing investor and contributor base.

BENEFITS OF CONTRIBUTION

In recognition of a growth capital contribution, AEC extends the following to contributors, structured by contribution tier. These are the same founding-relationship terms outlined in AEC's Startup Capital & Seed Funding Commitment framework.

TIER	CONTRIBUTION RANGE	BENEFITS
SEED	\$100,000 – \$999,999	Founding Investor Registry · Quarterly updates · AEC merchandise
GROWTH	\$1,000,000 – \$9,999,999	All Seed benefits · Advisory seat consideration · Revenue share consideration · Priority standing on future equity opportunities
ANCHOR	\$10,000,000+	All Growth benefits · Board consideration · Direct founder access · Named recognition as a founding capital partner

Additional benefits available to all contributors:

- ☐ Direct, ongoing communication with AEC's founder and leadership
- ☐ Quarterly written updates on firm progress, trading performance, and infrastructure milestones
- ☐ First opportunity to participate in any future formal equity or fund vehicle AEC may establish
- ☐ Recognition as part of AEC's founding contributor group

IMPORTANT TERMS & ACKNOWLEDGMENTS

- ☐ This is a non-repayable capital contribution. AEC has no obligation to repay the contributed amount under any circumstances.
- ☐ This contribution does not confer equity, ownership, or a security interest in Ascenda Enterprise Capital LLC.
- ☐ Benefits described in this document are non-monetary in nature and do not constitute a return on investment, interest, or profit share guarantee.
- ☐ This document is not an offer to sell securities and should not be construed as an investment opportunity carrying an expectation of financial return.
- ☐ Depending on the contributor's jurisdiction and the size of the contribution, this transaction may carry independent tax reporting obligations for either party. Contributors are strongly encouraged to consult independent legal and tax counsel before proceeding.
- ☐ AEC is not registered as an investment adviser with the SEC or any state securities authority.

ACKNOWLEDGMENT & SIGNATURE

By signing below, the undersigned confirms understanding and acceptance of the terms above, including that this is a non-repayable, non-equity capital contribution, and that AEC recommends independent legal and tax counsel be consulted prior to executing any transfer.
